

HIGH SECURITY SEAL

KLICKER (KLC)

Container Bolt Seal

Well-renowned piece for maximum security.

Klicker is the first container bolt seal in Mega Fortris, an innovatively designed locking mechanism that prevents tampering. This seal complies with ISO 17712 and CTPAT, ensuring highest possible security for high-value assets. These seals include the BioSphere bio-additive.

To provide eco-conscious solutions on a wide array of applications, all Mega Fortris' security seal product lines with plastic content will include the BioSphere bio-additive from 13th May 2024.

Applications:

- Containers
- Trucks
- Trailers
- Rail Cars

Our biodegradable plastic additives go deeper, allowing microbes to consume the C-C bonds within plastic's structure at a macromolecular level. This increases the surface area of plastic products and enables plastophilic microbes to attach to the polymer's newfound cavities. So, unlike regular plastic that can sit in a landfill for hundreds or thousands of years, plastic enhanced with BioSphere attracts over 600 different types of microbes that effectively digest and consume it.

PREVENTION • PROTECTION • PEACE OF MIND

LASER MARKING OPTION

VIEW APPLICATION VIDEO

- 1 The Klicker comes with a locking mechanism that allows only one-way entry and provides strong resistance against tampering.
- 2 Hardened steel pin and bush are moulded in high-impact PP material to form into a durable pin and plastic barrel while withstanding extreme weather conditions of -20°C to 80°C. Pin and barrel are paired engraved for easier handling.
- 3 Irreversible identifiers such as name, logo, barcode, serial number and QR code are laser-marked on the pin and barrel to prevent parts substitution or replacement.
- 4 An optional transparent cover on the barrel further secures the identifier and provides high visibility.
- 5 These seals include the BioSphere bio-additive.
- 6 The seal is designed, tested and certified ISO 17712:2013.

TECHNICAL SPECIFICATIONS

PRODUCT - KLICKER (KLC)

Code	Material	Locking Length (mm)	Pin Diameter (mm)	Tensile Strength (kgf)	Marking Area (mm)	Max Marking Digits
KLC	Plastic : High-impact Polypropylene (PP) Pin & Bush : Hardened Steel	55 (2.2 in)	Ø 7.0 (0.3 in)	≥1000 (≥2204.6 lbf)	Pin: 5 x 40 (0.2 x 1.6 in) Barrel: 10 x 24 (0.4 x 0.9 in)	Serial no: 8 Barcode: 8

PACKAGING

Carton	Quantity	Dimensions (mm)	Gross Weight (kg)	Volume (m ³)	Standard Solid Colours
Outer	Without Cover 25 sets x 10 pcs	508 x 365 x 150 (20 x 14.4 x 5.9 in)	17 (37.5 lb)	0.0278 (0.98 cu.ft.)	Body : WH BL YL GN OR RD BK
	With Cover 25 sets x 10 pcs	508 x 378 x 170 (20 x 14.9 x 6.7 in)	18.25 (40.2 lb)	0.0326 (1.15 cu.ft.)
